# LAB : Deploying an Enterprise Web

An enterprise intends to deploy their website on HUAWEI CLOUD and they have the following requirements: 1.Database nodes and service nodes are deployed on separate ECSs. 2.ECSs are added or removed as incoming traffic changes over time.

- Prerequisites: Log in to HUAWEI CLOUD.Go to the [Lab Desktop] and open the Google
- Chrome browser to access the HUAWEI CLOUD login page. Select IAM User Login. In the
- login dialog box, enter the assigned HUAWEI CLOUD lab account and password to log in to
